Mr. Bertram is among the oldest merchants of Austin, and for many years did a most flourishing business, in the course of which he amassed considerable wealth. The firm of Bertram, Brueggerhoff & Moeller was one of the largest wholesale concerns in Austin. They did business in the building now occupied by THE STATESMAN PUBLISHING COMPANY until burnt out in the early part of 1883. Mr! Bertram hat hon of late engaged in business on Lavaca street, in the northern part of the city.

His assignment, was as stated above, in the nature of a complete surprise, as | while the happy hours away feasting he was thought to be possessed of ample resources to earry on his business. It was said, however, that he never recovered financially from the en route to Huntsville. Three of fire alluded to above.

As shown by assignment papers filed in the office of County Clerk, the assetts are, in round figures \$52,000, liabilities \$59,000. Mr. Thad Thompson will act as assignee.

The liabilities are distributed as follows: Galveston merchants, some \$8,000; New Orleans, \$3,500; New York and Brooklyn, \$2,500; St. Louis, \$1,900; Chicago, Jersey City, Terre Haute, Philadelphia, Louisville Austin, the rest. The Austin liabilities (mainly to three banks) | 1ag for a license to practice law. amount to \$35,000, mostly secured by deeds of trust on city property. The assets are, as stated in the schedule, including real estate not encumbered, some \$52,000, to-wit: Real estate above encumbrance, \$14,500; personal effects, \$1,100; merchandize, \$15,000; cash, \$600. # Metal Poison.

I am a coppersmith by trade, and during a series of years my arms (being bare when at work), have absorbed a wonderful amount of metal poison. Having a scrofulous tendency from my youth, the small particles of copper and brass would get into the sores, and by this process the poison was conveyed into my blood till my whole system became infected. I was treated with the old remedies of mercury and Iodide potassium. Salivation followed, my teeth are all loose in my head, my digestive organs deranged, and I have been helpless in bed for over a year with mercurial rheumacal inquiry, and forces attention to it in bed for over a year with mercurial rheuma-tism. My joints were all swollen, and I lost the use of my arms and legs, and became helpless as an infant. helpless as an infant.

Others discouraged me, but I secured a few bottles, and have now taken two dozen bottles. The first effect of the medicine was to bring the poison to the surface, and I broke out all over in running sores. They soon disappeared, and my skin cleared off. My knees, which had become twice their natural size, lawe resumed their usual size, and are supple as of yore. My arms and hands are all right again, and can use them without pain. The entire disease has left all parts of the body, save two ulcers on my wrists, which are healing rapidly. I am weak from long confinement, but I have the use of all my limbs. Supreme Court.

The following business was disposed of in the Supreme Court yesterday:
Affirmed: L. A. Franks et al. vs. Caroline Chapman et al., from Atascosa County; Frost Thorne et al. vs. before entrusting his ambition to words.

All time of such a girl the evening is the only time that promises any possibility of success. It is a work of supererogation to dwell on evening declarations. Every man understands them, and he has only to make the most cursory examination as to the health of the subject before entrusting his ambition to words.
